### M/S MADURA INDUSTRIAL TEXTILES LIMITED.

#### NOTE 1:

Notes to Financial Statements for the year ended 31st March, 2015. Significant Accounting Policies:

#### (a) General:

- (i) The financial statements are prepared under the historical cost convention, on the accounting principles of a going concern.
- (ii) Accounting policies not specifically referred to otherwise are consistent and in consonance with the applicable accounting standards prescribed by the Companies (Accounting standard) Rules, 2006 to the extent applicable.
- (iii) All expenses and income to the extent ascertainable with reasonable certainty are accounted for on accrual basis.
- (iv) The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual result could differ from these estimates. Any revision to accounting estimates is recognized prospectively.
- (v) All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule VI to the Companies Act, 1956.

### (b) FIXED ASSETS AND DEPRECIATION:

Assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance. Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the financial statements. Any expected loss is recognised immediately in the Statement of Profit and Loss. Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

#### Depreciation:

Till the year ended 31 March 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in the following changes related to depreciation of fixed assets. Unless stated otherwise, the impact mentioned for the current year is likely to hold good for future years also.

a) Useful lives/ depreciation rates

Considering the applicability of Schedule II, the Management has re-estimated useful lives and residual values of all its fixed assets. Depreciation on all the assets have been provided at the rates and in the manner prescribed in Schedule II to the Act on Straight Line Method for the assets situated at Sarigam and Written Down Value Method for the assets situated at Dadra except Plant and Machinery depreciated over the useful life of 20 years as against 15 years mentioned in Companies Act,2013 as per management estimation supported by technical advice. The Management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of fixed assets, though these rates in certain cases are different from lives prescribed under Schedule II. Hence, this change in accounting policy did not have any material impact on financial statements of the Company.
